- Les coussins sont résistants à l'eau mais ne sont pas imperméables, il est conseillé de les stocker à l'abri en cas de non-utilisation ou d'intempéries, dans le but de préserver les propriétés déperlantes des housses, ainsi que leur teinte d'origine.
- La structure de votre mobilier est en aluminium, ce qui lui confère une longévité importante. Cependant, vous pouvez tout de même l'hiverner, en le mettant à l'abri ou en le couvrant d'une housse.

- Poids d'assise maximal : 110kg

CONSEJOS DE USO DE SU MOBILIARIO DE JARDÍN

- Evitar el contacto directo de los cojines, la resina trenzada con una fuente de calor (vela, aparato eléctrico, calefacción, etc.).
- Los cojines son resistentes al agua pero no son impermeables; le aconsejamos ponerlos a cubierto en caso de no utilizarlos o en caso de mal tiempo, con el fin de preservar las propiedades repelentes de las fundas, así como su color original.
- La estructura del mobiliario es de aluminio, lo que le confiere una larga vida útil. Sin embargo, en invierno puede protegerlo, poniéndolo a cubierto o tapándolo con una lona.
- Por razones logísticas, los cojines se colocan debajo de los módulos.
- Peso asiento máximo : 110 kg

DIRECTIONS FOR USE OF YOUR OUTDOOR FURNITURE

- Do not allow cushions, wicker/rattan to come into direct contact with a heat source (candle, electric device, heater, etc.).
- The cushions are water resistant, but not waterproof. We recommend storing them away during adverse weather conditions and when not in use in order to preserve their water-resistant coating and original colour.
- Your furniture is made from aluminum, which guarantees it a long life. However, you should still take winter precautions with your outdoor furniture set by storing it away or covering it.
- For logistical reasons , the cushions are located under the elements.
- Maximum seat weight: 110 kg/ 242 lbs

GEBRUIKSAANWIJZING VAN UW TUINMEUBILAIR

- Voorkom dat de kussens, het wicker in contact komen met warmtebron (kaars, elektrische apparaten, verwarming, enz.).
- De kussens zijn waterbestendig, maar niet waterproof. Het is derhalve aanbevolen de kussens op te bergen na gebruik of bij slecht weer teneinde de waterafstotende eigenschappen van de hoezen, alsook hun oorspronkelijke kleur, te behouden.
- De structuur van uw meubilair is van aluminium, waardoor het een lange levensduur heeft. Het is aanbevolen om uw product in een droge plaats op te bergen tijdens de winter of het met beschermhoes af te dekken.
- Wegens logistieke redenen, zijn de kussens onder de wicker elementen gerangschikt.
- Maximale zitplaatsen gewicht: 110 kg

- A estrutura do seu mobiliário é de alumínio, o que lhe dá uma vida longa. No entanto, você ainda pode inverná-lo, abrigando-o ou cobrindo-o com uma capa.
- Por razões logísticas, as almofadas são armazenadas sob os módulos.
- Peso máximo do assento: 110 kg

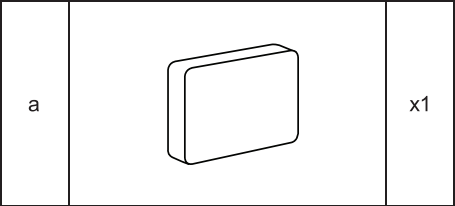

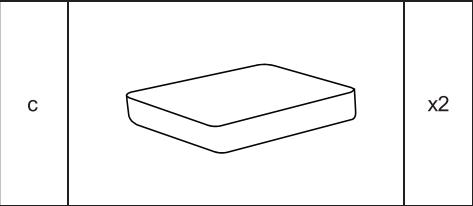

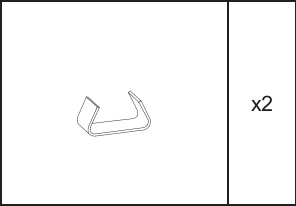

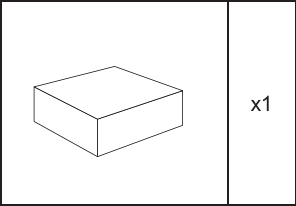

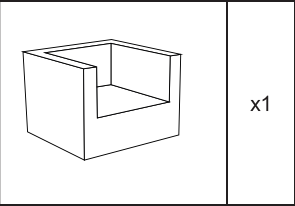

CONSIGLI PER L'UTILIZZO DEI VOSTRI MOBILI DA GIARDINO
